

K-Love serves to keep me and my family apprised of community Christian events and activities. Also they provide,national and world-wide news and updates. The lost of this gift would be overwhelming to those of us who do not want to listen to the garbage that is prevalent on other station. We enjoy knowing that the music, lessons and updates are always clear,concise and friendly listening to all ages,again unlike what is on other stations. Please stand and support the Christians who thrive on this wonder-filled station and the sucess it has provided to it's listeners. Thank you and God's peace.
